of Caroline Cecil Textiles

product B lamp
standout The sinuous sculptures of both-century visionary Constantin Brancusi inspired the French artist's ceramic LED lamp, available through the design gallery as an edition of eight.
ateliercourbet.com

product Aina
standout Boised atop a quartet of unusually long ash or steel legs, Takagi Hornstvedt's little sofa channels the streamlined curves of 1960s Italian automobiles.
voornl.com

product The Bear
standout A canny collaboration with the L.A. designer is a graphic ode to nature that can be digitally printed on waterproof, peel-and-stick paper or fire-resistant commercial-grade vinyl.
workandsea.com

product Larvaard Center
standout A vibrant 3 1/2-foot-square lapis lazuli surface covers the brass frame cocktail table, exhibiting the Peshawar, Pakistan, mother-daughter duo's mastery of *patchin kariz*, or stone inlay.
studio-lei.com

product Artisan Paper
standout The Zo + Sons founder tapped the wallpaper studio to realize a five-piece collection, yielding a multitude of patterns—including one inspired by a shuco finish.
astreeprints.com

product XY
standout Following in the footsteps of his mentor, Miles Redd, the visual artist turned interior designer created Yeshape knotted-wool rugs that can be customized beyond the four colorways on offer.
pattersonflynnmartin.com

product About
standout The Atlanta designers' candy-sweet coffee table is plastered to mimic the powdery texture of Necco Wafers; pair two to create a circular surface.
britlebodies.com

product Hannu, Ketu, Ganai, Bridge, and Thik
standout The studio creative director sources the linen for her hand-printed eco-friendly textiles from a family of flax farmers in Flanders, Belgium.
